

## **REPORTS, PAPERS AND PRESENTATIONS IN SAT WORKSHOPS AROUND THE WORLD SUPPORTING THE DEMONSTRATION:**

### **1. PRESENTATION OF THE PROJECT IN DIFFERENT WORKSHOPS AND CONFERENCES AROUND THE WORLD.**

1. **Tel-Aviv, Israel:** Soil Aquifer Treatment (SAT) Training Workshop on the 29 November 2007, in Tel-Aviv, Israel.
2. **Accra, Ghana:** Switch LA Treatment Workshop, Accra, Ghana on 26-27 February 2009, Special Aquifer Recharge section.
3. **Palma de Majorca:** International Conference on aquifer recharge. "La gestión de la recarga artificial de acuíferos", 20-23 October 2009.
4. **Lodz, Poland:** Strategic Planning workshop in Lodz. The Shafdan Switch Short SAT-NF project was presented. 17-18 June 2010, Lodz, Poland
5. **Accra, Ghana:** Switch LA Treatment Workshop, Fecal Sludge Management Training Workshop, Accra Ghana on 4-9 July 2010, Special SAT section.
6. **Istanbul, Turkey:** IWA membrane conference (see attached paper (AN-095). IWA MTWR 2010, Istanbul, Turkey, 18 – 22 October 2010.
7. **Paris, France:** Final SWITCH Conference, UNESCO- PARIS. Poster and abstract (see attached). Improved SAT processes for all-purpose water production from secondary effluents, (24-26 January 2011).
8. **Mexico City, Mexico:** International Workshop on Aquifer recharge, Autonomous University of Mexico City (UNAM), Engineering department. Presentation (see abstract attached) of the Switch project and SAT, "Soil Aquifer treatment of Secondary effluents for reuse: Basic aspects, operability, troubleshooting and new developments", (8-10 June, 2011).

### **2. REPORTS:**

Main report "Guidelines for design, operation and maintenance of SAT (and hybrid SAT) systems" has been preliminary reviewed by Saroj but I will resend it after I complete it till next Tuesday (after Passover/Easter) to him for final review again. This report combines deliverable D3.2.1f, D3.2.1g, D3.2.1h and D3.2.1i of WP3.2 Safe Water Reuse of EU SWITCH project.
